

Ashish Nishad - Resume

Email: myselfcodr@gmail.com | Phone: 887882433 | LinkedIn: linkedin.com/in/myselfcodr

Career Objective

With experience in the MERN stack, I am a trainee eager to apply my skills in React.js, Node.js, and MongoDB. I seek opportunities to contribute to impactful projects while growing and expanding my technical expertise in a professional environment.

Technical Skills

- Frontend Development: React.js, Redux
- Backend Development: Node.js, Express.js
- Database Management: MongoDB
- Authentication & Security: JWT, Passport.js
- Deployment & Cloud Services: AWS
- Version Control & Collaboration: Git, GitHub

Projects

MERN Stack Web Application

Built a dynamic, scalable web application using the MERN stack. Implemented features like property listings, authentication, search, booking, and admin panel.

Tech Stack: MongoDB | Express.js | React.js | Node.js

Gate Pass Management System

The Gate Pass Management System is a web-based application designed to manage visitor entry and exit efficiently. Built with HTML, CSS, and JavaScript, it includes visitor details capture, real-time search, PDF generation, and data persistence.

Tech Stack: HTML | CSS | JavaScript | jsPDF

Education

Kirodimal Govt. College (Affiliated with Chhattisgarh Swami Vivekanand Technical University)

Duration: 2018 - 2021

Additional Information

- Eager to learn new technologies and tools
- Collaborative team player with excellent communication skills
